2-unit stainless steel surface-mounted mailbox system Design BASIC 385 A 220 horizontal - brushed stainless steel V2A | with 2 letterboxes (2x1) | 300x220x385 mm (WxHxD) - ???? Large 25 litres | Stainless steel, brushed

Product number 385A220-2W

Product description

Wide surface-mounted mailbox system BASIC 385A 220 for 2 households – 25 litres per compartment – stainless steel V2A brushed

The BASIC 385A surface-mounted mailbox system for 2 households is a robust wall-mounted solution for semi-detached houses, properties with a granny flat and smaller office buildings. The wider W-design distributes the mailboxes across a multi-column front and keeps the overall unit lower and more visually clear.

The mailbox system is made from high-quality stainless steel V2A with a brushed finish. Mailboxes, cladding and rain hood form a timeless, low-maintenance and robust stainless steel unit.

Each compartment measures 300 × 220 × 385 mm (W × H × D) and offers approx. 25 litres of volume. The 35 × 265 mm letter slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with key number and a changeable nameplate located under the letter flap.

The advantages of the BASIC 385A 220 surface-mounted system at a glance

Rain hood and side cladding

The rain hood and side panels combine the individual compartments into a closed surface-mounted unit. The coordinated cladding provides a calm front and a neat finish at the façade.

25 litres mail volume per compartment

The 300 × 220 × 385 mm (W × H × D) compartments each offer approx. 25 litres of volume. The 35 × 265 mm letter slot also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the letter flap. Robust locks, two keys with key number and protected changeable nameplates ensure clear use of the individual compartments.

Mounting rail for wall installation

The surface-mounted unit is designed for direct façade mounting. A mounting rail facilitates installation; fixing hardware with screws and wall plugs is included in the described configuration.

Completely in brushed stainless steel

The V2A version combines a high-quality metal surface with a robust construction for durable surface-mounted mailbox systems. The unit is manufactured in Germany at the Briefkasten Manufaktur.

Equipment of the BASIC 385A 220 mailbox system

Mailbox system

Number of mailboxes 2 separately lockable compartments
Single compartment 300 × 220 × 385 mm (W × H × D)
Volume Approx. 25 litres per compartment
Material Stainless steel V2A 1.4301, brushed
Finish Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Letter slot 35 × 265 mm, suitable for DIN C4 portrait
Letter flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening From left to right
Keys 2 keys with key number per compartment
Nameplate Changeable nameplate beneath the letter flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain hood Robust design matching the unit
Mounting type Surface-mounted wall installation
Mounting aid Mounting rail
Fixing hardware Screws and wall plugs included; suitability for the local wall construction should be checked on site
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be level and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be specified on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the letter flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Number of boxes	with 2 letterboxes
Removal of mail	On the front
Surface/colour	Brushed
Boxes by volume	Large > 16 litres
Mounting type	Surface-mounted

Dimensions
