Designer mailbox pillar GOETHE 1400 - RAL colour of your choice | without newspaper compartment | with 1 mailbox

Product number 215-STL-140

Product description

Designer mailbox column GOETHE 1400 – RAL colour of your choice

The modern GOETHE mailbox column is ideal for a high-quality entrance area. The clean lines and the lack of a visible lock give this mailbox an especially elegant appearance.

The dimensions of the single box provide a capacity of approx. 16 litres; the large insertion slot ensures that even DIN C4 envelopes and magazines — or post accumulated during several days away — are not creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the lock arrangement, this mailbox is designed so that the retrieval door prevents your post from falling out towards you. Thanks to the water run-off edge, the internal post is well protected from the elements. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather.

The GOETHE mailbox systems are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly from our shop.

Thanks to the construction, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality mailbox column made of stainless steel and aluminium.
- Quality manufacturing – Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Mail insertion and retrieval are from the front. Insertion flap with high-quality hinge dampers for very quiet mail insertion.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 in landscape orientation; large letters fit without being bent.
- The retrieval door opens from top to bottom, preventing your mail from falling out towards you.
- Functional box (BH 400x200mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in a RAL colour of your choice with stainless steel laser engraving or illuminated lettering.
- Optimal weather protection through rain run-off edges and a rain roof made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Rear panel and base plate made of 6 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Invisible fixing within the column via a reinforced base plate. Overall height is 1.42 m.

Important information

Water protection

To achieve optimal water protection for your post, the mailbox or mailbox system should, if possible, be located under a canopy or porch roof.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Post that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
