5-unit 1x5 design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice | 300-390mm depth | with 5 mailboxes

Product number 215-MDW-5S-390

Product description

5-unit 1x5 design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice

The modern 5-unit through-wall letterbox GOETHE is ideal for sophisticated entrance areas. Its clean-lined design gives the letterbox a particularly elegant appearance. Thanks to the variable shaft length between 300 mm and 390 mm or 390 mm and 560 mm, this letterbox can be used in almost any masonry.

The dimensions of the individual compartments allow a capacity of approx. 24–44 litres; the large insertion aperture ensures that DIN C4 envelopes and magazines, or post accumulated during several days of absence, are not creased. With the water-drain edge, the internal mail is optimally protected from the elements. The insertion flap is fitted with high-quality pivot dampers, guaranteeing quiet closing and preventing annoying rattling caused by weather. The replaceable Plexiglas nameplates can be conveniently operated from the front; for optimal appearance we recommend the flush-fitting nameplate with laser engraving (see Accessories). The second nameplate is equipped with an 'Advertising Yes/No' insert.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 5-unit through-wall letterbox made entirely of stainless steel.
- Shaft made from stainless steel 1.4016 (corrosion-resistant, magnetic stainless steel), uncoated.
- Body made from stainless steel 1.4016 (corrosion-resistant, magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; even large letters fit without bending.
- Letter slots & retrieval doors made from stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- Letters are inserted and retrieved from the front. Insertion flap with high-quality pivot dampers for very quiet insertion of mail.
- Retrieval doors open from top to bottom, so your post cannot fall out towards you.
- Plexiglas nameplates for name inscription and a second nameplate with 'Advertising Yes/No' per unit.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable shaft length 300–390 mm or 390–560 mm. External dimensions of letter-through shaft W 380 mm x H 180 mm.
- External dimensions front W 450 mm x H 1050 mm; rear W 450 mm x H 1050 mm.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, where possible, be positioned under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
Number of boxes	with 5 letterboxes
Boxes by volume	Large > 16 litres
Mounting type	Wall throw-through
Removal of mail	On the back
