Stainless steel parcel letter box BASIC Plus 864XS with parcel compartment 550x370 - House number - RAL of your choice | without newspaper compartment | 370x110x385 mm (WxHxD) - ?? Normal 15 litres

Product number 864XS-1-HSNS

Product description

Stainless steel parcel-mailbox pillar BASIC Plus 864XS with parcel compartment 550x370 - house number - RAL colour of choice

This stainless steel parcel-mailbox pillar BASIC Plus with parcel compartment 550x370 is the suitable choice for entrance areas where reliable parcel reception is to be combined with a more compact mailbox. Manufactured from stainless steel V2A and aluminium, made in Germany and powder-coated in an RAL colour of choice, the pillar combines durable materials with a reduced, functional design.

The integrated parcel compartment with 77 litres of volume enables carrier-independent receipt of parcels from all common parcel services. The narrower mailbox compartment with 370 x 110 x 385 mm is designed for daily letter insertion and offers a space-saving solution for households with lower mail volumes. Larger postal items can also be deposited cleanly and without folding via the C4 horizontal front slot.

The construction of the BASIC Plus series is modular and designed for longevity, easy maintenance and straightforward self-assembly. The equipment is complemented by a robust lock, an insertion flap with a rubber lip and a weather-protected design with side cladding and rain hood. The result is a compact parcel-mailbox in the desired colour that sensibly combines function, material quality and clear lines.

- Mailbox pillar with parcel compartment made of stainless steel V2A 1.4301 and aluminium, powder-coated in the chosen colour.
- The entire mailbox pillar is constructed in a modular design, so any component can be replaced or modified at any time.
- Parcel compartment 370x550x385 mm (W×H×D) including parcel lock with snap closure or press closure. With high-quality stainless steel laser engraving "PARCEL".
- Parcel compartment volume: 77 litres, max. parcel dimensions: 340 x 520 x 355 mm (W×H×D).
- Mailbox 370x110x385 mm (W×H×D). Retrieval from the front; the retrieval door opens from left to right.
- C4 horizontal front slot for insertion; large letters fit in without folding. Insertion flap with rubber lip.
- Compliant with DIN EN 13724.
- Includes 2 keys with key number per mailbox and a two-piece flush-mounted interchangeable nameplate under the insertion flap (unlabelled, optionally "No advertising, thank you!").
- Optional high-quality stainless steel laser engraving. House number approx. 80–100 mm height & name engraving approx. 25–40 mm height.
- Screwed rear panel made of 2 mm stainless steel V2A 1.4301, powder-coated.
- Side cladding and rain hood made of 6 mm aluminium, powder-coated.
- Optional with planter roof made of stainless steel V2A, powder-coated in RAL/DB colour. Includes hose fitting with hose for invisible water drainage inside the pillar with outlet to the rear.
- The pillar is equipped with internal base plates. This conceals the fixing plugs (not included, see accessories) for screw mounting.

Important information

Water protection

To achieve optimal protection of mail, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water if it is completely placed inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress does not constitute grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	BASIC
Functions	Parcel compartment
Number of boxes	with 1 parcel box, with 1 letterbox
Boxes by volume	Normal > 10 litres
Material	Aluminium AlMg3 W19, Stainless steel V2A 1.4301
Mounting type	Free-standing
