Surface-mounted mailbox system STORM for 8 households – 4-column – RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | with 8 mailboxes (4x2)

Product number 480A-8-4X2-7016

Product description

Surface-mounted mailbox system STORM for 8 households – RAL 7016 Anthracite grey

The STORM surface-mounted mailbox system for 8 households is designed for apartment buildings, residential and commercial properties as well as smaller commercial premises with multiple units. Eight separate mailboxes form a high-quality and clearly organised entrance solution for buildings with regular postal traffic.

The entire visible mailbox assembly is made from high-quality, finished galvanised steel. Mailboxes, rain hood and side panels are uniformly powder-coated in RAL 7016 Anthracite grey with a fine-textured matt finish. The finely textured surface gives the unit a particularly premium and modern overall appearance.

Each of the 8 compartments features a 35 × 340 mm letter slot for DIN C4 (landscape), a noise-dampening letter flap with high-quality rubber buffers and a downward-opening retrieval door with opening stop. Mail retention brackets, separate locks and interchangeable name plates ensure comfortable and unambiguous use.

The advantages of the STORM surface-mounted mailbox system at a glance

Ideal for apartment buildings with 8 households

Eight separate compartments make this STORM system a high-quality solution for apartment buildings, residential and commercial properties as well as smaller commercial premises. Each household receives its own clearly assigned mailbox.

High-quality construction from galvanised steel

Mailboxes, rain hood and side panels are manufactured from high-quality finished galvanised steel. The robust material base is designed for long-term use in entrance areas and conveys a particularly solid sense of quality.

RAL 7016 Anthracite grey – fine-textured matt

The complete visible unit is uniformly powder-coated in RAL 7016 Anthracite grey with a fine-textured matt finish. The finely textured matt surface looks premium, modern and harmonises excellently with contemporary façades, doors and window profiles.

Comfortable insertion of DIN C4 mail

The 35 × 340 mm letter slots are designed for DIN C4 mail items in landscape format. Larger envelopes can also be inserted without folding.

Thoughtful comfort for 8 households

Noise-dampening rubber buffers, downward-opening doors with opening stops and integrated mail retention brackets make daily use easier. Separate locks and interchangeable name plates enable clear assignment of all compartments.

Equipment of the STORM surface-mounted mailbox system

Construction and surface

Configuration 4 columns × 2 rows
Compartments 8 individually lockable mailboxes
Mailbox material Galvanised steel
Rain hood and side cladding Galvanised steel
Surface RAL 7016 Anthracite grey fine-textured matt
Standard Mailboxes in accordance with DIN EN 13724

Mail handling comfort

Letter slot 35 × 340 mm per mailbox, suitable for DIN C4 (landscape)
Letter flaps With high-quality, noise-dampening rubber buffers
Mail retrieval Front-facing, door opens downward with opening stop
Mail retention bracket Integrated in each mailbox
Keys 16 keys in total, 2 per mailbox
Name plates 8 protected interchangeable name plates, one per household

Installation and manufacture

Mounting type Surface-mounted wall installation
Mounting screws Included in delivery
Application Apartment buildings, residential and commercial properties as well as smaller commercial premises
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

For optimal protection of inserted mail we recommend installation under a canopy or in a protected entrance area. Mail items must be fully inserted so that the letter flaps can close completely.

Note on wall mounting

Briefkasten Manufaktur Lippe GmbH
Werler Straße 60
