10-unit 5x2 surface-mounted mailbox system Design BASIC 385A-7016 AP - RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | with 10 mailboxes

Product number 385A-7016-10W

Product description

Wide surface-mounted mailbox system BASIC 385A for 10 households – RAL 7016 Anthracite grey

The BASIC 385A surface-mounted mailbox system for 10 households is a robust wall-mounted solution for apartment buildings, residential complexes and commercial properties. The wider W version distributes the mail compartments across a multi-column front, keeping the overall system lower in height and more compact.

The mailboxes are made from galvanised steel and are powder-coated in RAL 7016 Anthracite grey fine-textured matt. The close-fitting cladding with weather hood unites the individual compartments into a cohesive, modern surface-mounted system.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm mail slot is designed to accept DIN C4 items in portrait orientation. The doors open from left to right; each mailbox includes two keys with key numbers and a replaceable nameplate beneath the mail flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Weather hood and side cladding

The weather hood and side panels combine the individual mail compartments into a unified surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 mail slot and 12 litres volume

The 300 × 110 × 385 mm (W × H × D) compartments each offer approx. 12 litres of volume. The 35 × 265 mm mail slot accepts larger DIN C4 items in portrait orientation.

Quiet mail drop and secure allocation

The rubber lip damps the mail flap. Robust locks, two keys with key numbers and protected replaceable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade mounting. A mounting rail facilitates installation; fixings including screws and plugs are part of the described configuration.

Robust finish in RAL 7016

The anthracite grey fine-textured surface gives the system a modern look and protects the galvanised steel for daily use on the building. The system is manufactured in Germany by the Briefkasten Manufaktur.

Features of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 10 individually lockable mailboxes
Single mailbox 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Galvanised steel, powder-coated in RAL 7016 Anthracite grey fine-textured matt
Finish RAL 7016 Anthracite grey fine-textured matt
Standard DIN EN 13724

Mail and operation

Mail slot 35 × 265 mm, suitable for DIN C4 portrait
Mail flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Replaceable nameplate beneath the mail flap

Cladding and wall mounting

Side cladding Close-fitting design
Weather hood Robust, matching design
Installation method Surface-mounted wall installation
Installation aid Mounting rail
Fixings Screws and plugs included; check suitability for the on-site wall construction
Manufacture Manufactured in Germany by Briefkasten Manufaktur Lippe

Note on wall installation

The wall must be even and sufficiently load-bearing. The supplied screws and plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the mail flap is closed. Protruding letters or magazines may prevent the flap from closing completely.

Product properties

Material	Steel, galvanised
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Surface/colour	RAL 7016 anthracite grey
Removal of mail	On the front
Number of boxes	with 10 letterboxes
Mounting type	Surface-mounted
