Design mailbox BRENTANO® - Bi-colour brushed stainless steel - RAL 7016 anthracite grey | without newspaper compartment | BI-Color brushed stainless steel | RAL 7016 anthracite grey

Product number 803-7016VA-AP

Product description

Design letterbox BRENTANO® - bi-colour brushed stainless steel - RAL 7016 anthracite grey

The BRENTANO® letterbox combines modern design with maximum functionality, featuring a concealed lock and elegant labelling for the house number and name. Manufactured from high-quality materials and powder-coated, this letterbox is not only an attractive feature for your home but also offers long-lasting quality. The clear design language and precise workmanship make the BRENTANO® letterbox a timeless solution for the highest standards. Thanks to its robust construction it is particularly weather-resistant and reliably protects your post. Ideal for anyone who values a perfect interplay of design and function.

The generous dimensions of the BRENTANO® design letterbox provide a capacity of approx. 20 litres, so larger items such as DIN C4 envelopes or magazines can be accepted without creasing – even after several days' absence. Top entry ensures convenient handling. In addition, the letterbox is fitted with dampers that ensure the entry flap closes gently and quietly. The innovative Push-Key lock, concealed inside, enables opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your post from falling out when opened. Made from stainless steel, as well as galvanised steel and additionally powder-coated, this letterbox is particularly durable and high-quality in its manufacture.

The unique one-handed operation concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows particularly easy handling: with just one hand you can open the letterbox, collect your post and close it again. Protected by a utility model (DPMA file reference DE: 20 2021 101 679.5), this innovation offers genuine added value.

Thanks to its construction, self-installation is straightforward.

- High-quality surface-mounted letterbox, powder-coated in RAL 7016 anthracite grey.
- Quality manufacture - Made in Germany
- Innovative Push-Key lock including 2 keys with key number. Comfortable closing without turning the key.
- Letterbox body made from 1.5 mm galvanised steel.
- Retrieval door made from 1.5 mm stainless steel V2A 1.4301, brushed, with opening limiter, opens from top to bottom. The retaining plate prevents your post from falling out.
- Entry is from above.
- The entry flap has an opening limiter that prevents it touching the house wall. In addition, high-quality dampers ensure the flap closes quietly and smoothly.
- The letterbox complies with DIN/EN 13724. Entry size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in here without folding.
- Including self-adhesive, engravable nameplate.
- Individual UV- and weather-resistant laser engraving.
- For surface-mounted wall installation, including mounting screws and spacers.

Important information:

To achieve optimal protection of your post from water, the letterbox or letterbox system should, where possible, be installed under an overhang.

Mail is protected from water only if it is fully placed inside the box and the entry flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
