Design freestanding letterbox GOETHE ST-R with advertising plate 406x460 made of brushed stainless steel - RAL colour of your choice | 200mm depth

Product number 215-STR-1-WS-200

Product description

Design freestanding letterbox GOETHE ST-R with advertising panel 406x460 in brushed stainless steel - RAL colour of your choice

High-quality freestanding letterbox with elegant round-tube support elements made of stainless steel V2A, brushed. The letterbox is made of stainless steel, powder-coated in a RAL colour of your choice. The advertising panel is brushed on the front (without lettering/print) and can be fitted on site with adhesive film, laser marking or engraving. The ideal solution for outdoor presentation. The modern GOETHE letterbox is ideal for demanding entrance areas. The straightforward design without a visible lock gives this letterbox a particularly elegant appearance.

The dimensions of the individual box allow a capacity of approx. 16 litres; the large slot ensures that DIN C4 envelopes and magazines, or mail accumulated during several days' absence, are not creased. The innovative push-key lock is invisibly concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the retrieval door prevents your post from falling out towards you. The water run-off edge ensures that the internal post is optimally protected from the elements. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather conditions.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly from our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Freestanding letterbox made of stainless steel and aluminium.
- Letterbox made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys.
- The mail is inserted and retrieved from the front. Insertion flap with high-quality hinge dampers for very quiet insertion of mail.
- The letterbox complies with DIN/EN 13724. Slot size (3.5 cm x 36.0 cm) for C4 landscape; large envelopes fit in without bending.
- The retrieval door opens from top to bottom, preventing your post from falling out towards you.
- Optional name labelling approx. 15–20 mm high.
- Optional house number labelling approx. 70–80 mm high.
- Optimal protection from rain through water run-off edges and a rain cover made from 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- The stainless steel sheet is brushed on the front (without lettering/print) and can be fitted on site with adhesive film, laser marking or engraving. The print area measures W 396 mm x H 450 mm.
- The support columns consist of 60.3 mm stainless steel V2A 1.4301, brushed, for bolt fixing or for in-ground concreting.

Important information:

For optimal water protection of your mail, the letterbox or letterbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
Material	Aluminium AlMg3 W19, Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
Mounting type	Free-standing
House number	House number as laser engraving
Name labelling	Laser-engraved
Removal of mail	On the front
