2-compartment 1x2 designer freestanding mailbox GOETHE ST-Q - RAL colour of your choice | 100mm depth | with 2 letterboxes (1x2)

Product number 215-STQ-2S

Product description

2-unit 1x2 design freestanding mailbox GOETHE ST-Q - RAL of your choice

High-quality manufactured 2-party freestanding mailbox with elegant rectangular stand elements. The modern GOETHE mailbox is ideal for a sophisticated entrance area. Its straight-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large mail slot ensures that DIN C4 envelopes, magazines or post accumulated during several days' absence are not creased. The innovative Push-Key lock is hidden inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents your post from falling out towards you. Thanks to the water runoff edge, post stored inside is optimally protected from the weather. The mail slot flap is fitted with high-quality axle dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- 2-unit freestanding mailbox made of stainless steel and aluminium.
- Mailboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative Push-Key lock with 2 keys per party.
- Mail insertion and collection are from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without folding.
- Collection doors open from top to bottom, preventing your post from falling out towards you.
- Plexiglas nameplate for name inscription and a second nameplate with Advertising Yes/No per party.
- Optional house number labelling approx. 70–80 mm high.
- Optimal protection from rain thanks to rain runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Rear panel made of 1 mm stainless steel V2A 1.4301, powder-coated in RAL of your choice.
- The 40 mm (W) x 80 mm (D) stand posts are made from 2 mm stainless steel V2A 1.4301, powder-coated in RAL colour for in-ground concreting or bolt-down installation.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, if possible, be located under an overhang.

Postal items are only protected from water when they are placed completely inside the box and the mail slot flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
