COMELIT IP home station TP6842 - 7TOP 7? Wi-Fi hands-free indoor monitor

Product number 1299-TP6842

Product description

COMELIT IP home station TP6842 - 7TOP 7″ Wi-Fi hands-free indoor monitor for VIP systems

The **Comelit TP6842** (7TOP series) combines elegant design with high functionality: a 7″ touchscreen monitor with mechanical door release button (backlit), robust housing and a variety of mounting options. Ideal for private residential properties, offices and commercial premises.

- **7″ colour touchscreen (res. 1024×600, 16:9)** - intuitive user guidance
- **Hands-free audio (full duplex)** for convenient communication without handset
- **Mechanical door opener button** with backlighting - easy physical door opening
- **Ethernet & WLAN (2.4 GHz)** - for integration with Comelit Cloud for app notification
- **PoE power supply** (IEEE 802.3af), optional 48 V DC - flexible power supply selection
- **Micro SD card slot** - for customised ringtones
- **Programmable I/Os**: 4 inputs, 1 output plus separate ringtone output
- **Support for video formats ##########_1__/##########_2__** and automatic firmware updates via cloud
- **ViP system functions**: Memovideo, alarm management, "Doctor" door automation, privacy mode and much more.
- **Mounting options:** Wall and table mounting (stand sold separately), including metal back plate

Areas of application

Ideal for detached houses, office buildings, villas or commercial complexes. The TP6842 is part of the **Comelit VIP system** and is ideal for anyone looking for advanced access management with cloud functions.
