Product number 382XA-4-SP-100-M

Product description

4-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell module - RAL colour of your choice

High-quality surface-mounted mailbox for 4 households manufactured in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this mailbox one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion, a solid interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-assembly. Spare parts are directly available for all BASIC Plus systems.

Thanks to the construction method, self-assembly is straightforward. The mailbox system is prepared for uncomplicated complete installation; there is no need for complex wall mounting of individual boxes. 4-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in a RAL colour of your choice.

Key benefits at a glance

Stainless steel side cladding with rain hood

Side cladding and rain hood are made of stainless steel V2A, powder-coated in a RAL colour of your choice and complement the unit as a structurally matched weather protection.

Generous letter entry

Briefkasten Manufaktur Lippe GmbH

Handelsregister Amtsgericht Lemgo, HRB 8618

The entry aperture measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bar holds items back during removal.

Integrated bell and intercom area

Bell/intercom section made of stainless steel V2A, powder-coated in RAL colour. A stainless steel bell push Type 4 is used as the bell button. Optionally prepared with a speaker grille for the installation of standard intercom systems or built-in loudspeakers. (Intercom system/built-in loudspeakers not included). An optional version with the Comelit Ultra video complete set is also available.

Quality manufacturing and considered design

The unit is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for straightforward self-assembly.

Equipment and product details

Mailbox system

Number of mailboxes 4 separately usable mail compartments
Arrangement 2 × 2
Depth 100 mm
Mailbox material Stainless steel V2A
Mailbox finish Powder-coated in a RAL colour of your choice
Bell/intercom section Bell/intercom section made of stainless steel V2A, powder-coated in RAL colour

Mail and handling

Entry aperture 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Insertion flap Noise-damped by rubber seal
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the insertion flap

Handelsregister Amtsgericht Lemgo, HRB 8618

Mail items are best protected against moisture and contamination when fully inserted and with the insertion flap closed. Protruding items can prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. Fixings must be matched to the weight of the unit and the existing wall construction.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
