Designer freestanding mailbox GOETHE ST-Q with doorbell panel & newspaper compartment - RAL colour of your choice

Product number 215-STQ-1-SP-ZF

Product description

Design freestanding letterbox GOETHE ST-Q with bell box & newspaper compartment - RAL colour of your choice

High-quality manufactured freestanding letterbox with newspaper compartment, bell box for camera intercom and elegant rectangular stand elements. The modern GOETHE letterbox is ideal for the discerning entrance area. The straight-lined design without a visible lock gives this letterbox a particularly elegant appearance.

The dimensions of the single box allow a capacity of approx. 16 litres; the large inlet ensures that DIN-C4 envelopes and magazines, or post after several days' absence, do not become creased. The innovative Push-Key lock is invisibly concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, this letterbox is designed so that the collection door prevents your post from falling out. Thanks to the water runoff edge, the internal post is optimally protected from the weather. The inlet flap is equipped with high-quality axle dampers, ensuring quiet closing and preventing disturbing rattling caused by the weather.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility/modularity, easy replacement part assembly and uncomplicated self-assembly. Replacement parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Freestanding letterbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Letterbox (W x H 400 x 400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Letters are inserted and collected from the front. Inlet flap with high-quality dampers for very quiet insertion of post.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large envelopes fit without being folded.
- The collection door opens from top to bottom, preventing your post from falling out.
- Optional house number inscription approx. 70–80 mm high.
- Newspaper compartment (W x H 400 x 200 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice with stainless steel laser inscription "ZEITUNG" (font ARIAL; if name/house number, then in the font you chose).
- The newspaper compartment opens from bottom to top.
- Function compartment (W x H 400 x 200 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Optionally exchangeable nameplate in stainless steel with laser inscription, nameplate in Plexiglas or illuminated inscription.
- 8–12 V DC short-stroke doorbell push-button with LED ring illumination (blue, white, red or green). The illumination of the doorbell push-buttons cannot be powered via the control unit; it must be connected to an additional power supply.
- Optionally an 8–12 V DC short-stroke illuminated push-button with pictogram is available.
- Preparation (built-in loudspeaker not included) for an intercom system is possible. Optionally with a universal adapter for all common built-in loudspeakers.
- Optional preparation (camera not included) for a camera.
- Optimal protection from the elements thanks to drip edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Rear wall made of 1 mm stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- The W 40 mm x D 80 mm support posts are made of 2 mm stainless steel V2A 1.4301, powder-coated in RAL colour, for embedding in concrete or for screw mounting.

Important information:

Camera or intercom preparation

We always recommend that electrical installation be carried out by a qualified electrician.

We offer the preparation for cameras and intercoms from various manufacturers for our letterboxes. The preparation does not include end devices; it consists of providing the mounting brackets, drillings and cut-outs so that you can mount your device without difficulty.

Water protection

To achieve optimal water protection for your post, the letterbox or letterbox system should, where possible, be located under a canopy.

Post is only protected from water when it is placed completely inside the box and the inlet flap is closed. Post that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
Number of bell push buttons	1 button
Functions	Newspaper compartment, Light button, Camera, Intercom, Fingerprint, Keypad
