Product description

Design freestanding mailbox BRENTANO® ST-R - Design Elegance 2 - RAL colour of your choice

The BRENTANO® mailbox with elegant round-tube stand elements, concealed lock and an elegant 100 mm stainless steel front panel including name lettering and house number in grey combines modern design with first-class functionality. Made from high-quality materials and powder-coated, it convinces not only as a stylish design element for your home but also through its durability. The clear lines and meticulous workmanship make the BRENTANO® mailbox the ideal choice for the highest design standards. Thanks to its robust construction it is particularly weather-resistant and ensures reliable protection of your mail. Perfect for those who value design and function in harmonious balance.

The generous dimensions of the BRENTANO® design mailbox allow for a capacity of approx. 20 litres, so larger items such as C4 envelopes or magazines can be received without bending – even after several days away. Top entry ensures comfortable handling. In addition, the mailbox is equipped with dampers that provide a soft and quiet closing of the lid. The innovative Push-Key lock, concealed inside, allows opening without turning the key – simply insert the key into the aperture and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your mail from falling out when opened. Manufactured from corrosion-resistant stainless steel as well as galvanised steel and additionally powder-coated, this mailbox is particularly durable and of high-quality workmanship.

The unique one-handed operation concept with the Push-Key lock, exclusive to Briefkasten Manufaktur Lippe, allows particularly simple handling: with just one hand you can open the mailbox, remove the mail and close it again. Protected by a utility model (DPMA file number DE: 20 2021 101 679.5), this innovation offers a real added value.

Thanks to the design, self-assembly is straightforward.

- High-quality freestanding mailbox, powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany
- Design Elegance 2: 100 mm stainless steel front panel, brushed to 240 grit.
- Innovative Push-Key lock including 2 keys with key number. Convenient locking without turning the key.
- Mailbox body made of 1.5 mm galvanised steel.
- Retrieval door made of 1.5 mm stainless steel V2A 1.4301 with opening limiter, opens from top to bottom. The retention plate prevents your mail from falling out.
- Top entry, and the flap is equipped with an opening limiter and high-quality dampers that enable noiseless closing.
- The mailbox complies with DIN/EN 13724. Entry aperture (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in without bending.
- Optional newspaper compartment, rear-mounted (W x H x D 400 x 200 x 50 mm) made of stainless steel, powder-coated. Open on both sides.
- Individual UV- and weather-resistant laser engraving.
- The stand posts are made of 60.3 mm stainless steel V2A 1.4301, brushed, for bolting or concreting in.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed fully inside the box and the entry flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system complies with DIN EN 13724 regarding protection against water ingress. Water ingress is not a reason for complaint.
