Designer flush-mounted mailbox GOETHE UP - brushed V2A stainless steel | 200mm depth

Product number 215-UP-1-VA-200

Product description

Design flush-mounted mailbox GOETHE® UP - Stainless steel V2A brushed

The modern flush-mounted mailbox GOETHE® in brushed stainless steel is ideal for a sophisticated entrance area. The clean-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single box allow a capacity of approx. 16 or 32 litres; the large slot ensures that even DIN C4 envelopes and magazines, or post accumulated during several days' absence, are not creased. The innovative Push-Key lock is hidden invisibly inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the positioning of the lock, this mailbox is designed so that the collection door prevents the mail from falling towards you. Thanks to the water run-off edge, the mail stored inside is optimally protected from the elements. The letter flap is equipped with high-quality pivot dampers, ensuring a quiet closing and preventing annoying rattling caused by the weather.

The mailbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part replacement and uncomplicated self-assembly. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the construction, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Flush-mounted mailbox with powder-coated body and faceplates/frames made from stainless steel V2A 1.4301, 240-grit brushed finish.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (H x W 400 x 400 mm) with body made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL 9005 deep black, fine-textured matt.
- Innovative Push-Key lock with 2 keys.
- Letter insertion and retrieval are from the front. Soft-close letter flap with high-quality dampers for gentle closing.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit without being creased.
- The collection door opens from top to bottom, so the mail cannot fall out towards you.
- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- Render cover frame made from stainless steel angle profile 25 x 58 mm, stainless steel V2A 1.4301, 240-grit brushed finish.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail items are only protected from water if they are placed completely inside the box and the letter flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for complaint.

Product properties

Series	GOETHE
Material	Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
House number	House number as laser engraving
Name labelling	Laser-engraved
Removal of mail	On the front
Number of boxes	with 1 letterbox
Boxes by volume	Jumbo > 30 litres
Mounting type	Flush-mounted
