3-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with doorbell box - stainless steel V2A | 150mm depth | with 3 mailboxes (1x3) | Centre | Stainless steel, brushed

Product number 382XA-VA-3-SP-150-M

Product description

3-unit Stainless Steel Surface-mounted Mailbox Design BASIC Plus 382XA AP with Bell Box - Stainless Steel V2A

High-quality surface-mounted mailbox for 3 households made in Germany by Briefkasten Manufaktur. The mailbox is made entirely from stainless steel V2A, brushed. The very high-quality workmanship and the well thought-out concept make this mailbox one of our top sellers. A drip edge for optimal water protection, a continuous rubber lip for quiet insertion, a solid interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, simple replacement-part installation and uncomplicated self-installation. Spare parts for all BASIC Plus systems are available directly.

Thanks to the design, self-installation is straightforward. The mailbox system is prepared for uncomplicated complete mounting; there is no need for complex wall mounting of individual boxes. 3-unit surface-mounted mailbox made from weather-resistant stainless steel V2A 1.4301, 240-grit brushed.

The advantages at a glance

Stainless steel side cladding with rain hood

Side cladding and rain hood are made from stainless steel V2A 1.4301, 240-grit brushed and complement the unit as a structurally matched weather protection.

Generous letter slot

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable retrieval

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bar holds the items back during retrieval.

Integrated bell and intercom area

Bell box made from stainless steel V2A 1.4301, 240-grit brushed. A stainless steel bell push-button Type 4 is used as the doorbell. Optionally prepared with a speaker grille for the installation of standard intercom systems or built-in speakers. (Intercom system/built-in speaker not included). An optional version with Comelit Ultra video complete set is also available.

Quality manufacturing and considered construction

The unit is manufactured at the Briefkasten Manufaktur in Germany. The construction is designed for uncomplicated self-installation.

Equipment and product details

Mailbox system

Number of mailboxes 3 separately usable compartments
Configuration 1 × 3
Depth 150 mm
Mailbox material Stainless steel V2A 1.4301
Mailbox finish 240-grit brushed
Bell/intercom section Bell box made from stainless steel V2A 1.4301, 240-grit brushed

Mail and operation

Insertion opening 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Letter flap Noise-damped with rubber seal
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the letter flap
