3-unit freestanding mailbox system Design BASIC - Edition NELLY - bi-colour VA-RAL 7016 anthracite grey | with 3 mailboxes (3x1)

Product number 384P-7016VA-3X1

Product description

3-unit freestanding mailbox system BASIC – Edition NELLY – 3 × 1 – BI-Color stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a noticeably more individual appearance. The mailbox body is made of galvanised steel and is powder-coated in RAL 7016 anthracite grey fine-texture matt, while the mail slots are made of stainless steel V2A 1.4301 with a 240-grit brushed finish. This deliberate BI-Color contrast appears modern and high-quality and pairs well with many front doors, windows and façades. As a freestanding version with 3 mailboxes (3 × 1), NELLY is not only intended for mail acceptance but also serves as a neatly designed element of the entrance area. The slim, flush-fitting frame and the labellable canopy make the installation an independent design feature at the property entrance.

The special advantages of Edition NELLY

Canopy becomes the NELLY labelling panel

The canopy fulfils two functions in NELLY: it enhances weather protection and also serves as a distinctive labelling surface. Your individual laser engraving for house number and/or street name makes the freestanding installation clear and personal already at the property entrance.

BI-Color: RAL 7016 meets brushed stainless steel

The mailbox body is made of galvanised steel and powder-coated in RAL 7016 anthracite grey fine-texture matt. The mail slots, by contrast, are stainless steel V2A 1.4301 with a 240-grit brushed finish. The canopy and support posts are made of stainless steel V2A and are powder-coated; the brushed mail slots create the visible stainless-steel accent.

Large slot for DIN C4

The 35 × 325 mm slot is designed for DIN C4 in landscape format. Larger letters can also be posted without being folded. The mailbox design complies with DIN EN 13724.

Quiet operation in everyday use

The brushed stainless-steel mail slots are fitted with a noise-damping rubber seal. A mail retention bar supports controlled removal, while the doors open from left to right.

Solid stainless-steel support posts 20 × 100 mm

The freestanding NELLY system is supported by slim yet solid posts made from 2 mm thick stainless steel V2A 1.4301. With a 20 × 100 mm cross-section and a powder-coated finish the posts appear flush and elegant while providing a stable base for the entire installation.

Equipment and technical features

Material and mailbox

Version 3 mailboxes (3 × 1)
Mailbox body Steel, galvanised; RAL 7016 anthracite grey fine-texture matt
Mail slots Stainless steel V2A 1.4301, 240-grit brushed
Slot opening 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Interchangeable nameplate under the mail flap
Mail retention bar Integrated for each mailbox
Mail retrieval From the front
Door opening From left to right
Locking system Depending on selected product configuration

Installation and construction

Mounting type Freestanding
Support posts 20 × 100 mm, made from 2 mm stainless steel V2A 1.4301, powder-coated
Canopy Stainless steel V2A, powder-coated and usable as a labelling surface
Installation options For bolted mounting or concreting-in
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail is best protected from moisture and dirt when fully inserted and with the mail flap closed. Protruding items may prevent the flap from closing completely.

Note on stand installation
