Product description

3-unit (3x1) stainless steel surface-mounted letterbox Design BASIC Plus 382XA AP - V2A stainless steel, brushed

High-quality surface-mounted letterbox for 3 households, made in Germany by Briefkasten Manufaktur.

The complete surface-mounted letterbox system is made from V2A stainless steel, brushed. The very high-quality workmanship and the well thought-out concept make this letterbox system one of our bestsellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet posting, a solid interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this surface-mounted letterbox system.

The letterbox systems of the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a view to high flexibility and modularity, easy replacement-part installation and straightforward self-assembly. Spare parts for all BASIC Plus systems are available directly.

Thanks to the design, self-assembly is straightforward. The letterbox system is prepared for uncomplicated complete installation; there is no need for complex wall mounting of individual boxes.
