2-unit 1x2 design drop-through mailbox GOETHE MDW with nameplate - RAL colour of your choice | 300-390mm depth | with 2 letterboxes (1x2)

Product number 215-MDW-2S-390

Product description

2-compartment 1x2 design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice

The modern 2-compartment through-wall letterbox GOETHE is ideal for a sophisticated entrance area. The linear design gives this letterbox an especially elegant appearance. With a variable chute length between 300 mm and 390 mm or 390 mm and 560 mm, this letterbox can be installed in almost any masonry.

The dimensions of the individual compartments provide a capacity of approx. 24–44 litres; the large aperture guarantees that even DIN C4 envelopes and magazines — or post accumulated during several days away — remain uncreased. The water-drip edge protects the internal mail optimally from the weather. The insert flap is fitted with high-quality soft-close dampers, ensuring quiet closing and preventing rattling caused by weather. The replaceable plexiglass nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with the insert "Advertising Yes/No".

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction was developed by our in-house engineers with a focus on high flexibility and modularity, easy spare part fitting and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction method, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 2-way through-wall letterbox made entirely of stainless steel.
- Chute made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), uncoated.
- Body made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterboxes comply with DIN/EN 13724. Entry aperture (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without bending.
- Letter apertures & retrieval doors made of stainless steel V2A 1.4301, powder-coated in a RAL colour of your choice.
- Letters are inserted and removed from the front. Insert flap with high-quality soft-close dampers for very quiet posting.
- Retrieval doors open from top to bottom. This prevents your post from falling out.
- Plexiglass nameplates for name labelling and a second nameplate "Advertising Yes/No" per compartment.
- Finishing/frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable chute length 300–390 mm or 390–560 mm. External dimensions of letter chute W 380 mm x H 180 mm.
- External dimensions of front and rear panels W 450 mm x H 450 mm.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insert flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This unit is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
