Stainless steel free-standing letterbox BASIC Plus 863X ST-R with bell box, newspaper compartment & parcel compartment 550x370 - RAL of your choice | with newspaper compartment

Product number 863X-ST-1-SPZF-VAR

Product description

Stainless steel free-standing letterbox BASIC Plus 863X ST-R with bell box, newspaper compartment & parcel compartment 550x370 - RAL colour of your choice

The innovative BASIC parcel box with bell box for a doorbell intercom system (optional camera) and a closed newspaper compartment, now completely made of stainless steel powder-coated in RAL or DB colour and with a discreet parcel lock.

Parcel receipt independent of delivery person! Any parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. This parcel box is particularly suitable for large but few (usually 1 parcel per day) parcel consignments.

The parcel box is made of stainless steel V2A 1.4301, powder-coated in RAL colour, the stand elements are made of stainless steel V2A 1.4301, 240 grit polished. The very high-quality workmanship and the well thought-out concept make this letterbox system our top seller. A rain drainage edge for optimum water protection, a throw-in flap with rubber lip, the solid interchangeable nameplate and the robust lock characterise this free-standing letterbox. This letterbox is easy to clean and robust.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.
