15 5x3 stainless steel surface-mounted letterbox design BASIC Plus 382XA AP - polished V2A stainless steel | 150mm depth | with 15 mailboxes | Stainless steel, brushed

Product number 382XA-VA-15W-150

Product description

15-unit 5x3 stainless steel surface-mounted mailbox system Design BASIC Plus 382XA AP - brushed V2A stainless steel

High-quality surface-mounted mailbox system for 15 units, made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made from V2A stainless steel, brushed. The very high-quality workmanship and the well thought-out concept make this mailbox system one of our bestsellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion of post, the sturdy interchangeable nameplate, a practical post-retention bracket and a very robust lock are distinguishing features of this surface-mounted mailbox system.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy replacement-part installation and straightforward self-assembly. Spare parts for all BASIC Plus systems are directly available.

Thanks to the design, self-assembly is uncomplicated. The mailbox system is prepared for straightforward complete installation; there is no need for elaborate wall-mounting of individual boxes.

- 15-unit surface-mounted mailbox system with mailboxes made from V2A stainless steel, brushed.
- The system is manufactured by Briefkasten Manufaktur. German quality workmanship "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Slot size (3.5 cm x 32.5 cm) for C4 landscape; large envelopes fit without bending.
- Insertion flaps with noise-damping rubber seal for very quiet insertion of post.
- The doors open from left to right.
- Includes 2 keys with key number, interchangeable nameplate beneath the slot and a post-retention bracket per mailbox.
- Large capacity through optional mailbox depth +50 mm = approx. 17 litres. Suitable for businesses and households with very high volumes of post.
- Includes side cladding and rain hood made from V2A stainless steel, brushed.
- For wall mounting; includes mounting rail and fixings (screws + wall plugs).

Important information:

Post is only protected from moisture and soiling when fully inserted and the flap is closed. Under certain extreme weather conditions water may still enter (according to DIN EN 13724 up to 1 cm³). This does not constitute grounds for a complaint.

Product properties

Series	BASIC
