Mailbox pillar BRENTANO® - Design Elegance 2 - RAL colour of your choice | ? Colour of your choice

Product number 803-E2-STL-SF

Product description

BRENTANO® mailbox column

The BRENTANO® design mailbox combines modern design with the highest functionality, featuring no visible lock and an elegant 100 mm stainless steel fascia including name inscription and house number in grey. Manufactured from high-quality stainless steel and powder-coated, this mailbox not only provides a stylish focal point for your home but also long-lasting quality. The clear design language and precise workmanship make the BRENTANO® mailbox a timeless solution for the highest demands. Thanks to its robust construction it is particularly weather-resistant and reliably protects your post. Ideal for those who value a perfect interplay of design and function.

The generous dimensions of the BRENTANO® design mailbox provide a capacity of approx. 20 litres, allowing larger items such as C4 envelopes or magazines to be received without bending – even after several days away. Top entry ensures comfortable handling. In addition, the mailbox is equipped with dampers that ensure the insertion flap closes softly and quietly.

The innovative Push-Key lock, invisibly concealed inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your post from falling out when opened. Constructed from stainless steel, galvanised steel, aluminium and additionally powder-coated, this mailbox column is particularly durable and high-quality in its finish.

The unique one-handed operation concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows particularly simple handling: you can open the mailbox, retrieve your post and close it again using only one hand. Protected by a utility model (DPMA file number DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to its design, self-assembly is straightforward.

- High-quality manufactured mailbox column, powder-coated in the desired colour.
- Quality manufacturing - Made in Germany
- Design Elegance 2: 100 mm stainless steel fascia, brushed to 240 grit.
- Innovative Push-Key lock including 2 keys with key number. Convenient locking without turning the key.
- The retrieval door, made of stainless steel V2A 1.4301 and fitted with an opening limiter, opens from top to bottom. The holding plate prevents your post from falling out.
- Top entry.
- The insertion flap is fitted with an opening limiter that prevents it from touching the house wall. In addition, high-quality dampers ensure the flap closes quietly and softly.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters also fit in without bending.
- Includes self-adhesive, engravable nameplate.
- Individual UV- and weather-resistant laser engraving.
- Mailbox column made of 3 mm aluminium AlMg3 W19 with 3 mm base plate of stainless steel V2A 1.4301 for screw mounting.

Important information:

To achieve optimal protection of your post from water, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid basis for a complaint.

Product properties

Material	Steel, galvanised, Aluminium AlMg3 W19, Stainless steel V2A 1.4301
