3-unit 1x3 free-standing mailbox system GOETHE ST-Q-400 - RAL colour of your choice | 400mm depth | with 3 mailboxes (1x3)

Product number 215-STQ-3S-400

Product description

3-unit 1x3 freestanding mailbox system GOETHE ST-Q-400 - RAL colour of your choice

Freestanding 3-part mailbox system with horizontal compartments 400 mm deep and elegant rectangular stand elements. The modern GOETHE mailbox is ideal for a high-quality entrance area. The straight-line design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual compartments allow a capacity of approx. 32 litres; the large mail slot ensures that DIN C4 envelopes and magazines, or post accumulated during several days away, are not creased. The innovative Push-Key lock is hidden invisibly inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, this mailbox is designed so that the collection door prevents your post from falling towards you. The internal mail is optimally protected from the weather by the water drainage edge. The mail flap is equipped with high-quality hinge dampers, ensuring quiet closing and preventing disturbing rattling due to weather influences. The replaceable Plexiglas nameplates can be easily operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an Advertising Yes/No insert.

The mailbox systems of the GOETHE collection are distinguished by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy replacement part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction method, self-installation is straightforward.

Protected utility model according to DPMA reference DE: 20 2021 101 679.5

- 3-unit freestanding mailbox made of stainless steel and aluminium.
- Mailboxes made of stainless steel 1.4016 (rust-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative Push-Key lock with 2 keys per unit.
- Mail insertion and collection are from the front. Mail flap with high-quality hinge dampers for very quiet insertion of mail.
- The mailboxes comply with DIN/EN 13724. Inlet size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in without folding.
- Collection doors open from top to bottom. This prevents your post from falling towards you.
- Plexiglas nameplate for name labelling and second nameplate Advertising Yes/No per unit.
- Optimal rain protection thanks to water drainage edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Rear panel made of 1 mm stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- The W 40 mm x D 80 mm support posts consist of 2 mm stainless steel V2A 1.4301, powder-coated in RAL colour for concreting in or for screw mounting.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be located under a porch or canopy.

Mail is only protected from water if it is placed completely inside the compartment and the mail flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not grounds for a complaint.
