Product description

1-point surface-mounted letterbox design BASIC 385A-VA AP with bell box - RAL of your choice

Modern surface-mounted letterbox system for 1 party made in Germany by Briefkasten Manufaktur.

The letterboxes are made of weather-resistant stainless steel V2A, powder-coated in RAL colour. The high-quality workmanship and the well thought-out concept make this letterbox system our top seller. This letterbox system is characterised by a close-fitting side cladding with rain canopy and the rain drainage channels for optimum water protection, a throw-in flap with rubber lip, the solid interchangeable nameplate and the robust lock.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.

Water protection

The mail is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water can still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
