Mailbox column BRENTANO® - Design Elegance 2 - RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt

Product number 803-E2-STL-7016

Product description

Mailbox column BRENTANO® - RAL 7016 anthracite grey

The BRENTANO® mailbox column combines modern design with maximum functionality without a visible lock and an elegant 100 mm stainless steel panel including name inscription and house number in grey. Manufactured from the highest-quality materials and powder-coated in RAL 7016 anthracite grey, this mailbox not only provides a stylish focal point for your home but also long-lasting quality. The clear design language and precise workmanship make the BRENTANO® mailbox a timeless solution for the highest demands. Thanks to its robust construction it is particularly weather-resistant and reliably protects your mail. Ideal for anyone who values a perfect interplay of design and function.

The generous dimensions of the BRENTANO® design mailbox allow for a capacity of approx. 20 litres, so larger items such as C4 envelopes or magazines can be received without bending — even after several days away. The top entry ensures comfortable handling. In addition, the mailbox is fitted with dampers that ensure the insert flap closes smoothly and quietly. The innovative Push-Key lock, concealed inside, allows opening without turning the key — simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your post from falling out when opened. Manufactured from stainless steel, galvanized steel and aluminium, and additionally powder-coated, this mailbox column is particularly durable and finely crafted.

The unique one-handed operation concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, enables particularly easy handling: you can open the mailbox, remove your post and close it again using only one hand. Protected by a utility model (DPMA file number DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to its design, self-assembly is straightforward.

- High-quality manufactured mailbox column, powder-coated in RAL 7016 anthracite grey fine-structure matt.
- Quality manufacturing - Made in Germany.
- Design Elegance 2: 100 mm stainless steel panel, brushed with 240 grit.
- Innovative Push-Key lock including 2 keys with key number. Convenient locking without needing the key.
- Mailbox body made from 1.5 mm galvanized steel.
- Retrieval door made from stainless steel V2A 1.4301 with opening limiter, opens from top to bottom. The retaining plate prevents your post from falling out.
- Top entry.
- Insert flap with opening limiter. In addition, high-quality dampers ensure the flap closes quietly and gently.
- The mailbox complies with DIN/EN 13724. Insert size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit in without bending.
- Includes self-adhesive, engravable nameplate.
- Individual UV- and weather-resistant laser engraving.
- Mailbox column made from 3 mm aluminium AlMg3 W19 with 3 mm base plate of stainless steel V2A 1.4301 for screw mounting.

Important information:

To ensure optimal protection of your mail from water, the mailbox or mailbox system should, if possible, be installed under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insert flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid basis for a claim.

Product properties

Material	Steel, galvanised, Aluminium AlMg3 W19, Stainless steel V2A 1.4301
Series	BRENTANO
Mounting type	Free-standing
House number	House number as laser engraving
