Gira System 106 Keyless In keypad module

Product number S106-5550000

Product description

Gira code keypad - modern access control system with glass surface

The **Gira code keypad** is a high-quality, wear-free access control system with a capacitive keypad and elegant glass surface. It enables direct commissioning and management on the device itself and supports up to **255 individual access codes** with up to 12 digits.

Thanks to its **robust design**, the keypad remains free from signs of wear even with intensive use. Special function keys are available for convenient operation:

- **"C** " - for correcting entries
- **"Key** " - opens the door when the correct code is entered
- **"Bell** " - for dialling home stations
- **"F** " - for freely configurable switching functions

The keypad is equipped with **uniform LED backlighting** for optimum visibility at night. A **3-colour LED** indicates the current status. The **acoustic feedback** can be deactivated if required.

The Gira code pad is compatible with the **Gira DCS switching actuators** and can be operated both **stand-alone** and in combination with the **Gira door communication system**. It is connected via a **2-wire bus system**. With **IP54 protection**, it is optimally protected against dust and splash water - ideal for outdoor use.

Product properties

Material Stainless steel V2A 1.4301
