Designer mailbox pillar BRENTANO® - RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt

Product number 803-STL-7016

Product description

Design mailbox column BRENTANO® - RAL 7016 anthracite grey

The BRENTANO® mailbox column combines modern design with maximum functionality, featuring no visible lock and an elegant inscription for house number and name. Manufactured from the highest-quality materials and powder-coated in RAL 7016 anthracite grey, this mailbox not only provides a stylish focal point for your home but also long-lasting quality. The clear design language and precise workmanship make the BRENTANO® mailbox a timeless solution for the highest demands. Thanks to its robust construction it is particularly weather-resistant and reliably protects your post. Ideal for anyone who values a perfect interplay of design and function.

The generous dimensions of the BRENTANO® design mailbox provide a capacity of approx. 20 litres, allowing larger items such as DIN C4 envelopes or magazines to be received without folding – even after several days away. Top entry ensures convenient handling. In addition, the mailbox is equipped with dampers that ensure the insertion flap closes softly and quietly. The innovative Push-Key lock, invisibly concealed inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents the post from falling out when opened. Made of stainless steel, galvanised steel, aluminium and additionally powder-coated, this mailbox column is particularly durable and finely crafted.

The unique one-handed operation concept with the Push-Key lock, exclusively available from Briefkasten Manufaktur Lippe, allows particularly simple handling: with just one hand you can open the mailbox, retrieve the post and close it again. Protected by a utility model (DPMA file reference DE: 20 2021 101 679.5), this innovation offers a genuine benefit.

Thanks to its design, self-assembly is straightforward.

- High-quality manufactured mailbox column, powder-coated in RAL 7016 anthracite grey, fine-textured matt finish.
- Quality production – Made in Germany.
- Innovative Push-Key lock including 2 keys with key number. Pleasant locking without turning the key.
- Mailbox body made of 1.5 mm galvanised steel.
- Retrieval door made of stainless steel V2A 1.4301 with opening stop, opens downwards. The retaining plate prevents the post from falling out towards you.
- Top entry.
- Insertion flap with opening stop. In addition, high-quality dampers ensure the flap closes quietly and gently.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 in landscape orientation, so large letters also fit in without bending.
- Includes self-adhesive, engravable nameplate.
- Individual, UV- and weather-resistant laser engraving with an elegant contrast effect. On dark surfaces the powder coating is precisely removed so that the brushed stainless steel is visible as a high-quality base. On light surfaces the engraving appears in a subtle dark grey.
- Mailbox column made of 3 mm aluminium AlMg3 W19 with a 3 mm base plate of stainless steel V2A 1.4301 for screw mounting.

Important information:

To achieve optimal protection of your post from water, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water when it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This unit is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for complaint.

Product properties

Material	Steel, galvanised, Aluminium AlMg3 W19, Stainless steel V2A 1.4301
Series	BRENTANO
Mounting type	Free-standing
