# 6-unit 3x2 designer surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 200mm depth | with 6 mailboxes (3x2)

**Product number** 215-AP-6-200

## Product description

## 6-unit (3x2) surface-mounted design mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 6-party surface-mounted mailbox system. The modern GOETHE mailbox is ideal for demanding entrance areas. The straight-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large slot guarantees that DIN C4 envelopes and magazines — or post after several days' absence — do not arrive creased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the collection door prevents your post from falling out towards you. Thanks to the water runoff edge, the internal post is optimally protected from the weather. The mail flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

**Protected utility model according to DPMA file reference DE: 20 2021 101 679.5**

- High-quality 6-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys per unit.
- Mail insertion and retrieval are from the front. Mail flap with high-quality hinge dampers for very quiet insertion of post.
- The mailboxes comply with DIN/EN 13724. Slot size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in without bending.
- Collection doors open from top to bottom, preventing your post from falling out.
- Plexiglas nameplate for name inscription and a second nameplate with advertising Yes/No per household.
- Optional house number lettering approx. 70–80 mm high.
- Optimal protection from rain through water runoff edges and a rain canopy made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Includes mounting rail for wall installation.

**Important information:**

To achieve optimal protection of your post from water, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the flap is closed. Post that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.

## Product properties

| | |
|---|---|
| **Surface/colour** | RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white |
