Product description

Mailbox BRENTANO® - Design Elegance 2 - RAL 7016 anthracite grey

The BRENTANO® mailbox combines modern design with the highest functionality without a visible lock and an elegant 100 mm stainless steel fascia including name inscription and house number in grey. Manufactured from high-quality materials and powder-coated, this mailbox not only provides a stylish focal point for your home but also long-lasting quality. The clear design language and precise workmanship make the BRENTANO® mailbox a timeless solution for the highest demands. Thanks to its robust construction, it is particularly weather-resistant and reliably protects your mail. Ideal for anyone who values a perfect interplay of design and function.

The modern BRENTANO® mailbox without a visible lock and with elegant labelling of the house number and name. In Design Elegance 2 with a 100 mm stainless steel fascia including name inscription in grey.

The generous dimensions of the BRENTANO® design mailbox provide a capacity of approximately 20 litres, allowing larger items such as C4 envelopes or magazines to be accepted without bending—even after several days away. Top entry ensures comfortable handling. In addition, the mailbox is fitted with dampers that ensure the letter flap closes smoothly and quietly. The innovative Push-Key lock, concealed inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the access door prevents your post from falling out when opened. Manufactured from stainless steel as well as galvanised steel and additionally powder-coated, this mailbox is particularly durable and of high-quality construction.

The unique one-handed operation concept with the Push-Key lock, exclusively available from Briefkasten Manufaktur Lippe, allows particularly simple handling: you can open the mailbox, remove the post and close it again using only one hand. Protected by a utility model (DPMA file number DE: 20 2021 101 679.5), this innovation provides genuine added value.

Thanks to the design, self-installation is straightforward.

Important information:

For optimal water protection of your mail, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the letter flap is closed. Mail that is not fully inserted allows the ingress of moisture and dirt into the mailbox. This unit is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a valid reason for a complaint.
