Pedestal letterbox LESSING Edition with newspaper compartment - Design Elegance 1 - RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | with newspaper compartment

Product number 306-7016VA-STLZF

Product description

LESSING Edition free-standing letterbox with newspaper compartment - Elegance 1 design - RAL 7016 anthracite grey

The LESSING Edition free-standing letterbox with newspaper compartment represents a masterful combination of elegant aesthetics and practical functionality. Its minimalist design, complemented by an invisible lock and a wide range of labelling options, harmonises perfectly with modern living environments. Manufactured from high-quality, powder-coated galvanised steel and finished with a stainless steel trim, this letterbox not only promises an attractive appearance, but also remarkable durability and robustness.

With a capacity of approx. 19 litres and a top-access slot, the LESSING Edition ensures that your mail remains crease-free. The flap is equipped with high-quality axle dampers that allow it to close gently. The simple self-assembly and optional personalisation make it the ideal letterbox for discerning users who value design, quality and convenience.

A special highlight of this model is the integrated, closed newspaper compartment or storage compartment. This innovative feature is specially designed for receiving newspapers and provides optimum protection from the weather. The compartment, which opens from top to bottom, provides a secure storage location that keeps your newspapers dry and intact, thus ideally complementing the functionality of the letterbox.

Thanks to the design, self-assembly is straightforward.

- Optional name labelling approx. 8-25 mm high.
- Optional house number labelling approx. 60-80mm high.
- Letterbox pillar with base plate for screw mounting.

Important information:

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.

The mail is only protected from water if it is completely placed in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.
