Stainless steel doorbell stele DESIGNER ST-R in titanium look

Product number 335ST

Product description

Stainless steel doorbell stele DESIGNER ST-R in titanium look

Doorbell in solid design made of stainless steel V2A / 2-colour glass bead blasted. Made in Germany.

- Doorbell made of stainless steel V2A - titanium-coated black finish with blasted house number.
- LED light strip made of stainless steel. Illumination with energy-saving LEDs (discreet downward illumination).
- Name inscription directly on the front plate.
- House number approx. 70 mm high (1-2 digits) for multi-digit house numbers, the digit height is adjusted.
- The hole pattern is prepared for an intercom system (built-in loudspeaker not included).
- Short-stroke bell push-button with LED ring lighting (blue, white, red or green).
- Intercom station dimensions: W 160 mm x H 320 mm x D 8 mm.
- Body dimensions: W 130 mm x H 290 mm x D 50 mm.
- The uprights are made of 42.4 mm stainless steel, polished. Invisible cable routing through the uprights.

Important information

Camera or call station preparation

We recommend that the electrical installation is always carried out by an electrician.

We offer the preparation of cameras and intercoms from various manufacturers for our letterboxes. The preparation does not include any end devices, but only the provision of screw mounts, drill holes and perforations. So that you can mount your end device without any problems.

Water protection

To achieve optimum water protection for your mail, the letterbox or letterbox system should be located under a canopy if possible.
