Designer recessed newspaper box GOETHE UP - brushed V2A stainless steel

Product number 215-ZFUP-VA

Product description

Design Flush-mounted Newspaper Box GOETHE UP - Stainless Steel V2A Brushed

The modern flush-mounted newspaper box GOETHE is ideal for a discerning entrance area. Its clean, linear design gives this newspaper box a particularly elegant appearance.

This newspaper box is especially convenient because the newspaper can be placed in completely. This protects the newspaper from the weather and allows it to be inserted without creasing. Thanks to the drip edge, the mail inside is optimally protected against weather influences. The insertion flap is equipped with a high-quality soft-close damper, ensuring quiet closing. For removal, the flap is simply opened upwards and the newspaper can be taken out comfortably.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with regard to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file reference DE: 20 2021 101 679.5

- Plaster cover frame made from stainless-steel angle profile 25 x 58 mm in stainless steel V2A 1.4301, 240-grit brushed.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Post that is not fully inserted allows the ingress of moisture and dirt into the mailbox. This system is protected against the ingress of water according to DIN EN 13724. Water ingress is not a basis for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, Brushed
Series	GOETHE
Material	Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
