Designer flush-mounted mailbox GOETHE UP with stainless steel trim - RAL colour of your choice | 200mm depth

Product number 215-UP-E1-200

Product description

Design flush-mounted mailbox GOETHE UP with stainless-steel appliqué - RAL colour of your choice

The modern flush-mounted mailbox GOETHE with a replaceable stainless-steel appliqué is ideal for a sophisticated entrance area. The clean, linear design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the single box provide a capacity of approximately 16 or 32 litres; the large mail slot ensures that DIN C4 envelopes and magazines, or post accumulated during several days' absence, do not become creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents your post from falling out towards you. The internal mail is optimally protected from the weather by the water drainage edge. The insertion flap is equipped with high-quality pivot dampers, ensuring a quiet closing action and preventing annoying rattling due to weather influences.

The mailbox systems in the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy replacement-part installation and uncomplicated self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file reference DE: 20 2021 101 679.5

- Flush-mounted mailbox completely made of stainless steel.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400mm) made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Mail insertion and collection are from the front. Insertion flap with high-quality pivot dampers for very quiet posting.
- The mailbox complies with DIN/EN 13724. Slot size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without folding.
- Collection door opens from top to bottom, preventing your post from falling out towards you.
- Replaceable appliqué made from stainless steel V2A 1.4301, 240-grit brushed finish.
- Optional name inscription approx. 10–25 mm high.
- Optional house number inscription approx. 35 mm high.
- Plaster cover frame made from stainless-steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal protection of your post from water, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Post that is not fully inserted allows the ingress of moisture and dirt into the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.
