Stainless steel surface-mounted parcel box BASIC Plus 863X AP - Parcel compartment 550x370 in RAL of your choice | without mailbox

Product number 863X-A-PB-VAR

Product description

Stainless steel surface-mounted parcel box BASIC Plus 863X AP - Parcel compartment 550x370 in RAL colour of your choice

Receive parcels regardless of delivery company! Every parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. This parcel box is particularly suitable for large but few (usually 1 parcel per day) parcel consignments.

The parcel box is made of stainless steel V2A 1.4301, powder-coated in RAL colour. The very high-quality workmanship and the well thought-out concept make this parcel box our top seller. A rain drainage edge for optimum water protection and the innovative parcel lock characterise this parcel box. This parcel box is easy to clean and robust.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.
