Product description

2-post surface-mounted letterbox design BASIC 382A AP with bell box - RAL 7016 anthracite grey

High-quality stainless steel surface-mounted letterbox for 2 parties made in Germany by Briefkasten Manufaktur.

The complete surface-mounted letterbox system is made of galvanised steel, powder-coated in RAL 7016 anthracite grey. The very high-quality workmanship and the well thought-out concept make this letterbox system our top seller. A rain drainage edge for optimum water protection, a double-edged throw-in flap with rubber buffer, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this surface-mounted letterbox system.

Thanks to the design, self-assembly is straightforward.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.

Water protection

The mail is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
