Designer surface-mounted mailbox GOETHE AP with stainless steel appliqué - RAL colour of your choice | 200mm depth

Product number 215-AP-E1-200

Product description

Design surface-mounted mailbox GOETHE AP - RAL colour of your choice

The modern surface-mounted mailbox GOETHE with stainless steel appliqué (interchangeable) is ideal for a discerning entrance area. The clean, linear design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single compartment provide a capacity of approx. 16 or 32 litres; the large slot ensures that DIN C4 envelopes and magazines, or mail accumulated during several days' absence, remain uncreased. The innovative Push-Key lock is concealed invisibly inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, this mailbox is designed so that the retrieval door prevents the mail from falling out towards you. Thanks to the water drainage edge, the mail stored inside is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers, ensuring a quiet close and preventing annoying rattling due to weather influences.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, simple spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- High-quality surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Mail insertion and retrieval are from the front. Insertion flap fitted with high-quality axle dampers for very quiet posting of mail.
- The mailbox complies with DIN/EN 13724. Slot size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit in without creasing.
- Retrieval door opens from top to bottom, preventing the mail from falling out towards you.
- Interchangeable appliqué made of stainless steel V2A 1.4301, 240-grit brushed finish.
- Optional name inscription approx. 10–25 mm high.
- Optional house number inscription approx. 35 mm high.
- Optimal protection from rain thanks to drip edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Includes mounting rail for wall mounting.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be located under a porch or overhang.

Mail is only protected from water when it has been placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a valid reason for complaint.
