Product number 803-E3-STL-SF

Product description

Mailbox column BRENTANO® - Design Elegance 3

The BRENTANO® Design mailbox combines modern design with maximum functionality, featuring a concealed lock and a slim stainless steel trim including name lettering in grey. Made from high-quality stainless steel and powder-coated, this mailbox not only provides an elegant focal point for your home but also durable quality. The clear design language and precise workmanship make the BRENTANO® mailbox a timeless solution for the highest demands. Thanks to its robust construction, it is particularly weather-resistant and reliably protects your post. Ideal for anyone who values a perfect combination of design and function.

The generous dimensions of the BRENTANO® Design mailbox provide a capacity of approx. 20 litres, so larger items such as C4 envelopes or magazines can be received without folding – even after several days away. Top insertion ensures comfortable handling. In addition, the mailbox is equipped with dampers that ensure the insertion flap closes quietly and gently. The innovative Push-Key lock, concealed invisibly inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your post from falling out towards you when opened. Manufactured from stainless steel, galvanised steel, aluminium and additionally powder-coated, this mailbox column is particularly durable and of high-quality workmanship.

The unique one-handed operating concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows particularly easy handling: with only one hand you can open the mailbox, remove your post and close it again. Protected by a registered utility model (DPMA file number DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to the design, self-assembly is straightforward.

- High-quality manufactured mailbox column, powder-coated in your chosen colour.
- Quality manufacture - Made in Germany
- Design Elegance 3: slim 20 mm stainless steel trim, brushed with 240-grit finish.
- Innovative Push-Key lock including 2 keys with key number. Convenient closing without using the key.
- The retrieval door made of stainless steel V2A 1.4301 with opening limiter opens from top to bottom. The retaining plate prevents your post from falling out towards you.
- Top insertion.
- The insertion flap has an opening limiter that prevents it from touching the house wall. In addition, high-quality dampers ensure the flap closes silently and smoothly.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in here without bending.
- Including self-adhesive, engravable nameplate.
- Individual UV- and weather-resistant laser engraving.
- Mailbox column made from 3 mm aluminium AlMg3 W19 with 3 mm base plate of stainless steel V2A 1.4301 for screw mounting.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows the ingress of moisture and dirt into the mailbox. This unit is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a valid reason for a complaint.
