Blanking module | RAL 9007 grey aluminium, fine-structure matt

Product number BML-9860-STKD-376-B-9007

Product description

Blank module for ORDO socket column

The modular socket module is the suitable addition for modular socket columns and enables a flexible, demand-oriented configuration of the power distribution. It was specifically designed for use in ORDO socket columns.

The socket module is designed for easy installation. It is inserted into the designated module receptacle of the socket column and securely fixed there. The thoughtful construction allows rapid replacement of individual modules, reducing downtime and enabling efficient extensions.

- Module without cut-outs.
- Module colour: RAL 9007 grey aluminium, fine-textured matt
