6-unit 2x3 designer through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice | 300-390mm depth | with 6 letterboxes (2x3)

Product number 215-MDW-6-390

Product description

6-unit 2x3 design through-wall letterbox GOETHE MDW with nameplate - RAL of your choice

The modern 6-unit through-wall letterbox GOETHE is ideal for a demanding entrance area. The straight-lined design gives this letterbox an especially elegant appearance. With a variable shaft depth of 300 mm to 390 mm or 390 mm to 560 mm, this letterbox can be installed in almost all wall constructions.

The dimensions of the individual compartments provide a capacity of approximately 24–44 litres; the large insertion aperture ensures that DIN C4 envelopes and magazines, or accumulated mail after several days' absence, do not become creased. The water-drip edge provides optimal protection for the internal mail against the elements. The insertion flap is fitted with high-quality axle dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be operated conveniently from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is equipped with the insert 'Advertising Yes/No'.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 6-compartment through-wall letterbox made entirely of stainless steel.
- Shaft made from stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), uncoated.
- Body made from stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters also fit without bending.
- Letter inlets & retrieval doors made of stainless steel V2A 1.4301, powder-coated in RAL of your choice.
- Letters are inserted and retrieved from the front. Insertion flap with high-quality axle dampers for very quiet insertion of mail.
- Retrieval doors open from top to bottom, preventing the mail from falling towards you.
- Plexiglas nameplates for name labelling and a second nameplate 'Advertising Yes/No' per compartment.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable shaft depth 300–390 mm or 390–560 mm. External dimensions of the mail-through shaft W 380 mm x H 180 mm.
- External dimensions front W 450 mm x H 1050 mm; rear W 450 mm x H 1050 mm.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, where possible, be positioned beneath a porch or canopy.

Mail is only protected from water when it is placed fully inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
Number of boxes	with 6 letterboxes
Name labelling	Nameplate
