Design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice | 300-390mm depth | with 1 mailbox

Product number 215-MDW-1S-390

Product description

Design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice

The modern through-wall letterbox GOETHE is ideal for an upscale entrance area. Its clean-lined design gives this letterbox a particularly elegant appearance. With a variable shaft length between 300 mm and 390 mm or 390 mm and 560 mm, this letterbox can be installed in almost any type of masonry.

The dimensions of the individual compartments provide a capacity of approx. 24–44 litres; the large aperture ensures that C4 envelopes and magazines, or post accumulated during several days' absence, do not become creased. The water-drip edge protects the internal mail optimally from the weather. The insertion flap is fitted with high-quality axle dampers to ensure quiet closing and to prevent disturbing rattling caused by weather. The replaceable acrylic nameplates can be easily accessed from the front; for the best appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an 'Advertising Yes/No' insert.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

Registered utility model according to DPMA file reference DE: 20 2021 101 679.5

- High-quality through-wall letterbox entirely made of stainless steel.
- Shaft made from stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), mill finish.
- Body made from stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for landscape C4; large letters fit in here without bending.
- Letter slot & retrieval door made from stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- Letter insertion and retrieval are performed from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- Retrieval door opens from top to bottom, so the mail cannot fall out towards you.
- Acrylic nameplate for name labelling and second nameplate with 'Advertising Yes/No' per unit.
- Masonry cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable shaft length 300–390 mm or 390–560 mm. External dimensions of the mail-through shaft W 380 mm x H 180 mm.
- External dimensions of front and rear panels W 450 mm x H 250 mm.

Important information:

To ensure optimal protection of your mail from water, the letterbox or letterbox system should, where possible, be located under a porch or canopy.

Mail is only protected from water if it is placed fully inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
