**Product number** 385XP220-6W-BL

## Product description

### 6er 3x2 letterbox system freestanding Design BASIC Plus 385XP ST-T - LED labelling - RAL of your choice

Modern free-standing letterbox with extra-large letterboxes for 6 parties made in Germany by Briefkasten Manufaktur. The functional letterbox with LaserCut lettering and LED lighting is ideal for sophisticated entrance areas.

The letterboxes are made of stainless steel V2A, powder-coated in RAL colour, the stand elements are made of anodised aluminium profile, powder-coated in RAL colour and are solidly manufactured and at the same time very elegant. A close-fitting side cladding with rain canopy and the rain drainage channels for optimum water protection, a stainless steel V2A throw-in flap, polished with rubber lip, the solid interchangeable nameplate and the robust lock characterise this free-standing letterbox. This letterbox is easy to clean and robust.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel and aluminium. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

**Important information:**

The mail is only protected from water if it is fully inserted in the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to penetrate the letterbox. It is therefore necessary to plan sufficiently dimensioned letterboxes for the upcoming requirements. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.
