Designer freestanding mailbox GOETHE ST-R - RAL colour of your choice | 100mm depth | with 1 mailbox

Product number 215-STR-1

Product description

Designer freestanding letterbox GOETHE ST-R - RAL of your choice

High-quality freestanding letterbox with elegant round-tube support elements. The modern GOETHE letterbox is ideal for demanding entrance areas. The straight-lined design without a visible lock gives this letterbox a particularly elegant appearance.

The dimensions of the individual box provide a capacity of approx. 16 litres; the large letter slot ensures that DIN C4 envelopes and magazines, or mail accumulated during several days' absence, are not creased. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents your mail from falling out towards you. A drip edge ensures that the internal mail is optimally protected from the weather. The letter flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather.

The GOETHE letterbox systems are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility/modularity, easy spare-part assembly and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Freestanding letterbox in stainless steel and aluminium.
- Letterbox made of stainless steel 1.4016 (rust-resistant magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with two keys.
- Letters are inserted and retrieved from the front. Letter flap with high-quality hinge dampers for very quiet insertion of mail.
- The letterbox complies with DIN/EN 13724. Inlet size (3.5 cm x 36.0 cm) for C4 landscape; large letters also fit without being folded.
- The collection door opens from top to bottom, so your mail cannot fall out towards you.
- Optional name inscription approx. 15-20 mm high.
- Optional house number inscription approx. 70-80 mm high.
- Optimal rain protection through drip edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- The support posts are made of 60.3 mm stainless steel V2A 1.4301, brushed, for screw mounting or to be set in concrete.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, if possible, be positioned under a canopy.

Mail is protected from water only when it is placed completely inside the box and the letter flap is closed. Post that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
