2-unit 2x1 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 2 letterboxes (2x1)

Product number 215-AP-2W

Product description

2-unit 2x1 design surface-mounted mailbox system GOETHE AP - RAL colour of choice

High-quality manufactured two-party surface-mounted mailbox system. The modern GOETHE mailbox is ideal for sophisticated entrance areas. The straight-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large chute ensures that even DIN C4 envelopes and magazines — or post accumulated during several days of absence — do not arrive creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the lock positioned as it is, the collection door is designed to prevent your post from falling out towards you. The internal post is optimally protected from the weather by the water runoff edge. The insertion flap is equipped with high-quality hinge dampers for quiet closing, so there is no annoying rattling from weather influences. The interchangeable nameplates made from Plexiglas can be operated conveniently from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and uncomplicated self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 2-unit surface-mounted mailbox made from stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of choice.
- Innovative Push-Key lock with 2 keys per household.
- Mail insertion and retrieval are from the front. Insertion flap with high-quality hinge dampers for very quiet mail drop.
- The mailboxes conform to DIN/EN 13724. Inlet size (3.5 cm x 36.0 cm) for C4 landscape — large envelopes fit in without folding.
- Collection doors open from top to bottom, preventing your post from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate with advertising Yes/No per household.
- Optional house number labelling approx. 70–80 mm high.
- Optimal protection from rain thanks to rainwater runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of choice.
- Includes mounting rail for wall mounting.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water when it is completely placed inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against ingress of water in accordance with DIN EN 13724. Water ingress does not constitute grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
