Design letterbox SCHILLER MEDIUM VA7016 - stainless steel V2A, polished & RAL 7016 anthracite grey | Lock left * Door hinge right

Product number 138-VA7016-SL

Product description

Design letterbox SCHILLER MEDIUM VA7016 - stainless steel V2A, polished & RAL 7016 anthracite grey

The ORIGINAL - our absolute top seller since 2006. We have been manufacturing this letterbox from high-quality stainless steel since 2006.

High-quality stainless steel designer letterbox for wall mounting with body in RAL 7016 anthracite grey fine structure, matt. This letter box is solidly manufactured and the base material is made entirely of stainless steel. This ensures optimum rust protection.

The dimensions allow for a capacity of approx. 12 litres, and the insertion from above guarantees no crumpled mail, even with DIN C4 envelopes and magazines or after several days of absence. This wall letterbox is designed so that you can keep your hands free when opening it, and the internal structure prevents mail from falling towards you. By inserting the mail from above, the mail inside is optimally protected from the weather. The lid is secured with rubber buffers to prevent annoying rattling.

The SCHILLER MEDIUM letterbox comes with a matching newspaper compartment in the same colour and shape. See accessories.
