Design mailbox pillar GOETHE with newspaper compartment - RAL colour of your choice | with newspaper compartment | with 1 mailbox

Product number 215-STL-140-1ZF

Product description

Designer mailbox column GOETHE with newspaper compartment - RAL colour of your choice

The modern GOETHE mailbox column with newspaper compartment is ideal for a discerning entrance area. The straight-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single box provide a capacity of approx. 16 litres; the large slot ensures that C4 envelopes and magazines — or post accumulated during an extended absence — are not creased. The innovative Push-Key lock is hidden discreetly inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the retrieval door prevents your post from falling out towards you. Thanks to the drip edge, the internal post is optimally protected from the weather. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and eliminating any rattling caused by weather conditions.

The newspaper compartment is particularly convenient because the paper can be placed in completely. This protects the newspaper from the weather and allows it to be inserted without creasing. For retrieval, the flap is simply opened upwards and the newspaper can be removed comfortably.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility/modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality mailbox column made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400mm) made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with two keys.
- Letter insertion and retrieval are from the front. Insertion flap with high-quality hinge dampers for very quiet posting.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape, so large envelopes also fit without folding.
- The retrieval door opens from top to bottom. This prevents the post from falling out towards you.
- Newspaper compartment (BH 400x200mm) made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice with stainless steel laser inscription "NEWSPAPER" (font ARIAL; if a name/house number is used, it will be in your chosen font).
- The newspaper compartment opens from bottom to top.
- Optimal protection from rain thanks to drip edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Rear panel and base plate made of 6 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Invisible fastening within the column via a reinforced base plate. The overall height is 1.42 m.

Important information

Water protection

To achieve optimal water protection for your post, the mailbox or mailbox system should, if possible, be positioned under a canopy.

Postal items are only protected from water if they are placed fully inside the box and the insertion flap is closed. Partially inserted post allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.
