Design flush-mounted mailbox GOETHE UP, side version, with 2N Verso – prepared for 2N Solo – RAL colour of your choice | Right | without newspaper compartment | 2N Verso prepared for two

Product number 215-UP-1-SPS-2N-2FACH-R

Product description

Design flush-mounted mailbox GOETHE UP, side-mounted, prepared for 2N Verso – 2N Solo – RAL colour of your choice

High-quality flush-mounted mailbox with lateral integration of the 2N IP VERSO, 2N IP SOLO and 2N LTE VERSO models in a flush design. The modern GOETHE mailbox is ideal for an upscale entrance area. The straight-lined design without a visible lock gives this mailbox a particularly elegant appearance. The 2N video intercom can be seamlessly integrated into the flush design and exchanged at any time.

The dimensions of the individual box provide a capacity of approx. 16 litres; the large inlet ensures that DIN C4 envelopes and magazines are not creased, even after several days of absence. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock and the design of the collection door prevent mail from falling out towards you. The drip edge ensures that the internal mail is optimally protected from the weather. The inlet flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather conditions.

The mailbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part replacement and straightforward self-assembly. Spare parts for all GOETHE® systems are available directly from our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- Flush-mounted mailbox made entirely of stainless steel.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (W x H 400 x 400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys.
- Letters are inserted and removed from the front. Inlet flap with high-quality hinge dampers for very quiet insertion of mail.
- The mailbox conforms to DIN/EN 13724. Inlet size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit without being folded.
- The collection door opens from top to bottom, preventing mail from falling out towards you.
- Function compartment (W x H 200 x 400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Optionally available with house number and name engraving, laser-engraved.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- **Preparation is intended for 1–3 2N modules. WITHOUT 2N system components!**

Important information

Camera or intercom preparation

The intercom systems must be connected by a qualified electrician. For planning, installation and commissioning, please contact the qualified electrician of your choice.

Water protection

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, where possible, be located under a canopy or overhang.

Mail is only protected from water when it is placed completely inside the box and the inlet flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against ingress of water in accordance with DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
