Design letterbox SCHILLER SMALL VARS-OZ - RAL of your choice with stainless steel application | ? RAL colour of your choice | Lock left * Door hinge right

Product number 138S-VARS-OZ-SL-RAL

Product description

SCHILLER SMALL VARS-OZ design letterbox - RAL colour with stainless steel application

Discover our high-quality stainless steel designer letterbox for wall mounting, ideal for any modern home or office. This letterbox combines aesthetic elegance with functional robustness and is powder-coated in various RAL/DB colours of your choice and equipped with an elegant stainless steel application including engraved name and house number.

The front panel is made of 2 mm thick stainless steel and can also be powder-coated in a RAL/DB colour of your choice. The 1.25 mm thick stainless steel body offers optimum rust protection and is also available in the colour of your choice. Our letterbox is equipped with a high-quality side lock and includes 2 keys with key number. It is available with the door hinged on the left (lock on the right) or the door hinged on the right (lock on the left), which allows one-handed operation and gives you the choice of which side is more practical for you. The top letter slot is ideal for C4 envelopes and provides optimum protection for your mail from the weather. In addition, the letter insertion flap is fitted with rubber buffers to prevent annoying rattling. As a special service, we offer the option of personalising your letterbox with an optional name or house number inscription. This is laser-engraved approx. 8-25 mm high (name) or 60-100 mm high (house number).

The dimensions of the letterbox body are 335x320 mm (height x width), those of the front panel 360x340 mm (height x width). Each letterbox system comes with 2 keys as standard as well as the necessary stainless steel mounting material for simple and secure installation.
