8-unit stainless-steel surface-mounted letterbox system Design BASIC 385 A 220 - stainless steel V2A, brushed | 300x220x385 mm (WxHxD) - ???? Large 25 litres | Stainless steel, brushed | with 8 mailboxes

Product number 385A220-8

Product description

Surface-mounted mailbox system BASIC 385A 220 for 8 households – 25 litres per compartment – Stainless steel V2A, brushed

The BASIC 385A surface-mounted mailbox system for 8 households is a robust wall solution for apartment buildings, residential complexes and commercial properties. The balanced arrangement groups all mail compartments into a clearly structured and visually unified wall-mounted unit.

The mailbox system is made from high-quality stainless steel V2A in a brushed finish. Mailboxes, cladding and protective top form a timeless, low-maintenance and sturdy stainless-steel unit.

Each compartment measures 300 × 220 × 385 mm (W × H × D) and offers approx. 25 litres of volume. The 35 × 265 mm letter slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys bearing a key number and an interchangeable nameplate located beneath the deposit flap.

The advantages of the BASIC 385A 220 surface-mounted unit at a glance

Protective top and side cladding

The protective top and side panels combine the individual compartments into a unified surface-mounted unit. The coordinated cladding creates a calm front and a neat finish against the façade.

25 litres mail volume per compartment

The mail compartments measuring 300 × 220 × 385 mm (W × H × D) each provide approx. 25 litres of volume. The 35 × 265 mm letter slot also accepts larger DIN C4 items in portrait orientation.

Quiet deposit and secure allocation

The rubber lip damps the deposit flap. Robust locks, two keys with key number and protected interchangeable nameplates ensure clear allocation of the individual mail compartments.

Mounting rail for wall installation

The surface-mounted unit is designed for direct façade installation. A mounting rail facilitates installation; fixings with screws and wall plugs are included in the specified configuration.

Completely in brushed stainless steel

The V2A finish combines a high-quality metal surface with a robust construction for long-lasting surface-mounted mailbox systems. The unit is manufactured in Germany by the Briefkasten Manufaktur.

Equipment of the BASIC 385A 220 mailbox system

Mailbox system

Number of mailboxes 8 individually lockable compartments
Single compartment 300 × 220 × 385 mm (W × H × D)
Volume Approx. 25 litres per compartment
Material Stainless steel V2A 1.4301, brushed
Surface Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Letter slot 35 × 265 mm, suitable for DIN C4 portrait
Deposit flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening Opens from left to right
Keys 2 keys with key number per compartment
Nameplate Interchangeable nameplate beneath the deposit flap

Cladding and wall mounting

Side cladding Close-fitting design
Protective top Solid, matching design
Mounting type Surface wall mounting
Mounting aid Mounting rail
Fixings Screws and wall plugs included; suitability for the on-site wall structure must be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation systems, appropriate fixing solutions must be specified on site.

Note on weather protection

Mail is optimally protected from moisture and soiling only when items are fully inserted and the deposit flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Surface/colour	Brushed
Boxes by volume	Large > 16 litres
Mounting type	Surface-mounted
Number of boxes	with 8 letterboxes
