8-unit (4x2) design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 200mm depth | with 8 mailboxes

Product number 215-AP-8-200

Product description

8-unit 4x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 8-unit surface-mounted mailbox system. The modern GOETHE mailbox is ideal for a discerning entrance area. The linear design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that DIN C4 envelopes and magazines are not creased, even after several days away. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the retrieval door prevents your mail from falling out towards you. The internal mail is optimally protected from the weather by the water runoff edge. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The replaceable Plexiglas nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-fitting nameplate with laser engraving (see Accessories). The second nameplate is fitted with an Advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are directly available in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 8-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys per unit.
- Letter insertion and retrieval are from the front. Insertion flap with high-quality hinge dampers for very quiet insertion of mail.
- The mailboxes comply with DIN/EN 13724. Aperture size (3.5 cm x 36.0 cm) for C4 landscape; large envelopes fit in without bending.
- Retrieval doors open from top to bottom, so your mail cannot fall out towards you.
- Plexiglas nameplate for name labelling and second nameplate with Advertising Yes/No insert per unit.
- Optional house number labelling approx. 100–150 mm high.
- Optimal protection from rain thanks to water runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Includes mounting rail for wall installation.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress does not constitute a valid reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
