Surface-mounted mailbox system STORM for 2 households – single-column – RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | with 2 letterboxes (1x2)

Product number 480A-2S-7016

Product description

Surface-mounted mailbox system STORM for 2 households – RAL 7016 Anthracite grey

Two separately lockable mailboxes make this STORM system a high-quality solution for two-family houses, houses with an annexe and small residential and office properties. The slim design also integrates well on wall areas with limited width.

The mailboxes as well as the rain canopy and side panels are made of galvanised steel and receive a high-quality powder coating in RAL 7016 Anthracite grey fine-textured matt. The continuous surface provides a calm, architecturally clear appearance.

Each of the 2 mailboxes features a 35 × 340 mm insertion opening for DIN C4 in landscape format, a sound-dampening insertion flap with high-quality rubber buffers and a downward-opening front access door with opening stop. Mail retention brackets, separate locks and changeable protected nameplates ensure clear allocation and comfortable use.

The advantages of the STORM surface-mounted mailbox system at a glance

Ideal for two-family houses

Two separately lockable mailboxes make this STORM system a high-quality solution for two-family houses, houses with an annexe and small residential and office properties. The slim design also integrates well on wall areas with limited width.

High-quality construction in galvanised steel

Mailboxes, rain canopy and side panels are manufactured from galvanised steel. The robust material base is designed for long-term use in entrance areas and gives the STORM system a solid, premium construction.

RAL 7016 Anthracite grey – fine-textured matt

The entire visible system is uniformly powder-coated in RAL 7016 Anthracite grey fine-textured matt. The finely structured, matt surface appears high-quality, modern and pairs particularly well with contemporary facades, doors and window profiles.

Comfortable insertion for DIN C4

The 35 × 340 mm insertion openings are designed for DIN C4 postal items in landscape format. Larger envelopes can also be inserted without bending.

Thoughtful everyday convenience

Sound-dampening rubber buffers, downward-opening retrieval doors with opening stop and integrated mail retention brackets make daily use pleasant. Separate locks and protected changeable nameplates ensure clear allocation.

Equipment of the STORM surface-mounted mailbox system

Construction and surface

Version 1 column × 2 rows
Mailboxes 2 separately lockable mailboxes
Mailbox material Galvanised steel
Rain canopy and side cladding Galvanised steel
Surface RAL 7016 Anthracite grey fine-textured matt
Standard Mailboxes in accordance with DIN EN 13724

Mail convenience

Insertion opening 35 × 340 mm per mailbox, suitable for DIN C4 landscape
Insertion flaps With high-quality, sound-dampening rubber buffers
Mail retrieval Front-facing, door opens downward with opening stop
Mail retention bracket Integrated in each mailbox
Keys 4 keys in total, 2 per mailbox
Nameplates 2 protected changeable nameplates, one per household

Installation and manufacture

Mounting type Surface-mounted wall installation
Mounting screws Included in delivery
Area of use Ideal for two-family houses
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

For optimal protection of inserted mail, we recommend installation under a canopy or in a sheltered entrance area. Postal items must be fully inserted so that the insertion flaps can close completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. Depending on masonry, concrete or façade construction, additional wall plugs or special fixing systems may be required. The supplied mounting screws should be used according to the specific installation situation or professionally supplemented.

Product properties

Material	Steel, galvanised
Series	STORM
Boxes by volume	Normal > 10 litres
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey
Number of boxes	with 2 letterboxes
Name labelling	Laser-engraved
Removal of mail	On the front
Mounting type	Surface-mounted
