Single-unit freestanding mailbox system Design BASIC - Edition NELLY - Bi-colour VA-RAL 7016 anthracite grey | with 1 mailbox

Product number 384P-7016VA-1

Product description

Single freestanding mailbox system BASIC – Edition NELLY – Bi-colour stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a noticeably more individual appearance. The mailbox body is made of galvanised steel and receives a powder coating in RAL 7016 anthracite grey fine texture matt, while the letter flaps are made of stainless steel V2A 1.4301 and are brushed with 240-grit. This deliberate bi-colour contrast looks modern and high-quality and can be combined with many front doors, windows and façades. As a freestanding version with 1 mailbox, NELLY is not only intended for mail receipt but also serves as a neatly designed part of the entrance area. The slim, flush-mounted frame and the engravable rain canopy make the unit an independent design element at the property entrance.

The particular benefits of Edition NELLY

Rain canopy becomes the NELLY labelling panel

The rain canopy performs two functions in NELLY: it enhances weather protection and simultaneously becomes a striking labelling surface. Your individual laser engraving for house number and/or street name makes the freestanding unit unmistakable and personal already at the property entrance.

Bi-colour: RAL 7016 meets brushed stainless steel

The mailbox body made of galvanised steel is powder-coated in RAL 7016 anthracite grey fine-texture matt. The letter flaps, by contrast, are made of stainless steel V2A 1.4301 and are brushed with 240-grit. The rain canopy and support posts are made of stainless steel V2A and are powder-coated; the brushed letter flaps provide the visible stainless-steel accent.

Large aperture for DIN C4

The 35 × 325 mm letter aperture is designed for DIN C4 in landscape format. Larger letters can also be posted without being folded. The mailbox complies with DIN EN 13724.

Quiet operation in everyday use

The brushed stainless-steel letter flaps are fitted with a noise-dampening rubber seal. A mail retention bar supports controlled retrieval, while the doors open from left to right.

Solid stainless-steel support posts 20 × 100 mm

The freestanding NELLY unit is supported by slim yet solid posts made from 2 mm thick stainless steel V2A 1.4301. With a 20 × 100 mm cross-section and a powder-coated finish the posts appear flush-mounted and elegant, while providing a stable base for the entire unit.

Equipment and technical features

Material and mailbox

Configuration 1 mailbox
Mailbox body Steel, galvanised; RAL 7016 anthracite grey fine-texture matt powder coating
Letter flaps Stainless steel V2A 1.4301, 240-grit brushed
Aperture 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Interchangeable nameplate under the letter flap
Mail retention bar Integrated per mailbox
Mail retrieval Front
Door opening From left to right
Locking system Depending on chosen product configuration

Installation and construction

Mounting type Freestanding
Support posts 20 × 100 mm, 2 mm stainless steel V2A 1.4301, powder-coated
Rain canopy Stainless steel V2A, powder-coated and usable as a labelling surface
Mounting options For bolting down or concreting in
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Briefkasten Manufaktur Lippe GmbH

Mail items are best protected from moisture and dirt when fully inserted and with the letter flap closed. Overhanging items can prevent the flap from closing completely.

Note on post mounting

The support posts, depending on the chosen version, are intended for bolting down to a suitable foundation or for concreting in. The foundation must be adapted to ground conditions and local circumstances.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Mounting type	Free-standing
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey, Brushed
Removal of mail	On the front
